## MCZ SIMULATIONS

### Expertise

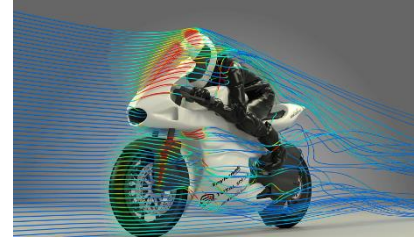

#### MIXED REALITY

- Augmented Reality
- Virtual Reality

#### RENDERING

- Image Rendering
- Video Rendering

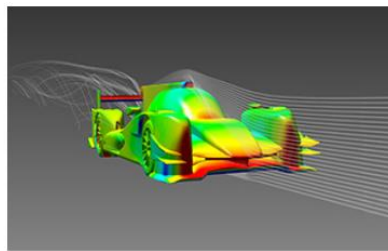

#### ENGINEERING SIMULATIONS

- Static Simulations: FEA, CFD, Impact
- Dynamic Simulation

### Application

#### ARCHITECTURE AND CONSTRUCTION

#### ENGINEERING SIMULATION

#### PRODUCT DEMONSTRATION

### Portfolio

Keep as it is

### Our Clients

Remove Pricing and last contact form section

## **WHAT WE DO?**

Conventional learning through textbooks are turning out to be not interesting anymore. This is because, there is less interaction between the students and the teachers.

McZone Creative Labs solves this problem by enabling students to acquire knowledge much easier, faster and safer through modern day interactive technologies. It brings in curiosity in the minds of students through innovative and immersive technologies.

Students get anxious to know more about the technology, the content and the process which helps in keeping their brains active. It makes students to own their learning and deepen their thinking by exploring the world with all their senses.

## **WHAT WE OFFER?**

### **AUGMENTED REALITY**

- Kids AR Learning Experience (Std 1, 2, &3)
- AR Colouring Book for LKG

### **PROJECTION MAPPING**

- Immersive Learning
- Indoor Games
- Specially designed for LKG to 2<sup>nd</sup> Std Students

### **VIRTUAL REALITY**

- 360° Virtual Tour
- VR Explainer Videos
- 360° VR Gaming
- Std 2, 3 & 4.

### **3D PRINTING FOR KIDS**

- Design Thinking
- Creativity
- Ideas to 3D models
- Std 3 to 5.

### **ROBOTICS**

- Starter Kits (Std 4, 5 & 6)
- Advanced Robotics (Std 7 & 8)

## MCZ ENGINEERING SERVICES

### SERVICES OFFERED

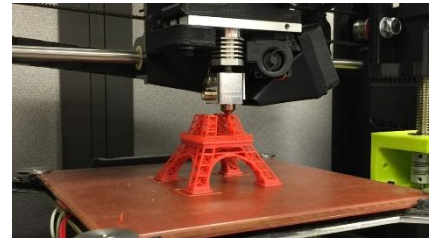

#### ENGINEERING DESIGN

- 2D CAD
- 3D CAD Modelling
- Product Designing

#### PRODUCT DEVELOPMENT

- Reverse Engineering
- Prototyping
- Manufacturing

#### 3D PRINTING

- Industrial Models
- Architecture & Construction
- Corporate Gifts
- Personal Gifts
